PROPERTY DESCRIPTION

Lovely Edgewood cottage that's walkable to many of Homewood's attractions. You'll love the flat, level lot and the convenience of this three bedroom, two full bath home. You're greeted by a front porch and living room, with woodturning fireplace. The kitchen has had recent updates, with newer appliances, tile flooring and ample cabinet space. The laundry/mudroom is conveniently located off of the rear entry. The seller has just added a new deck to the back of the home, which is perfect for entertaining! A huge plus is the one car garage, and unusually large storage space in the rear! Alley access is also a bonus. This is just what you've been waiting for, so come on over!
