Bedrooms: 5 Full Baths: 5 Half Baths: 1 Levels: 2+ Story Square Feet: 4,999 MLS#: 21369888

PROPERTY DESCRIPTION

Welcome to this exquisite 5 bd/5.5 ba home located in the heart of Crestline. The open-concept home built in 2010 thoughtfully provides for family life and entertaining. The home features 10' ceilings on main level. The limestone surround at front entrance takes you to the light filled dining room and study featuring built-ins & limestone surround fireplace. The kitchen boasts top-of-the-line appliances, spacious island, and walk-in pantry, and it opens into the family room with wooden beams and an antique stone mantle. French doors open onto the blue stone screened patio with sound system and wood burning fireplace, and the backyard has a flat lawn & outdoor storage. The main floor master suite features his&her closets, dual vanities, soaking tub, separate shower and walk in closet. Upstairs features 4 bedrooms with ensuite baths and large closets, a den/playroom and laundry room. Other features include a large unfinished basement, powder room, lockers, wet bar & security system.
