PROPERTY DESCRIPTION

Great Hoover location convenient to all, this home has lots of space and is ready for someone interested in a MAKE-OVER job. The tumbled brick and wide, white front porch give it lovely curb appeal. Enjoy hardwood floors in a lot of the house starting with the living room, formal dining room and rolling into the den at the back of the house. The garage has been converted into a large, extra living space. The kitchen opens to an eating area with access to a large screened porch. The main level has 2 bedrooms and a full bath. Upstairs is a large master bedroom and a secondary bedroom that share a bathroom. A huge attic storage room finishes off the upstairs area. This home would absolutely shine after some TLC and then would be all set for lots of fun memories. The "once-upon-a-time- pool" has been filled in creating a backyard path. Located just behind the Hoover senior center on a dead- end street with no through traffic. Come check out this diamond in the rough today.
