PROPERTY DESCRIPTION

Welcome friends and family on the covered front porch with a natural wood ceiling. This home creates warmth with the 2 story beautiful foyer. Feeling inspired is easy when you make the flex room your own as a study or music room! The master suite is large and is a reflection of impeccable design for relaxation with separate vanities in the well-appointed bath. The kitchen is a dream to entertain and cook in with the large island and adjoining dining room! And, connecting to the outdoors is easy with L shaped doors that flood the living spaces with light and open to the patio with a stone fireplace. Need more space? The upper floor has a loft den AND extra bonus room for all of your family time and guests retreats! Come see why Blackridge is right for you!
