PROPERTY DESCRIPTION

A CAN'T MISS!!! This home truly stands out with custom designed, premium landscaping that contrasts beautifully against a painted white brick exterior. Immaculate home featuring many other upgrades including a gourmet kitchen with an oversized island, quartz countertops, vaulted ceilings with reclaimed wood accents, hardwood floors, and many extras. Upstairs has a stubbed and wired room measuring approximately 11 x 16 that would be excellent to use for extra storage or convert to a bonus room. The backyard extends out into a large common area that offers a great space for dogs or kids to play. Living in this community comes with access to so many amenities including pools, clubhouses, fitness center, lake, and miles of hiking trails.
