PROPERTY DESCRIPTION

This one of a kind gem in Mt Laurel offers an amazing back yard oasis with a concrete waterfall, pool and spa with a walk on water stepping stone path surrounded by a flagstone patio and outdoor fire place. Through double french doors is a great room that displays vaulted ceilings with cedar beams, as well as a stacked stone wood fireplace with gas starter. The dream kitchen provides Carrara marble countertops, farmhouse sink and stainless steel appliances. The master bedroom provides a quiet sanctuary with access to the back yard and a private en suite. The en suite offers double vanities, a shower with rain head flow and custom shelving in the closet. Two other bedrooms are located on the main level with a jack n jill bath. Laundry & guest bath are also on the main level. Upstairs you'll find a guest room with private ensuite and kitchenette. Main level parking, plantation shutters throughout, fenced in yard and New home generator! Close to restaurants, shops and parks.
